# Benefit Descriptions

## Prescription drugs

- Prescription drugs approved for use in Canada that require a prescription by law and have been prescribed by an authorized medical practitioner.
- Brand name drugs covered if no generic equivalent exists.
- Smoking cessation products and drugs for the treatment of obesity, infertility and erectile dysfunction are not covered.

For Quebec residents: To be eligible for LINK prescription drug coverage, you must be covered by the RAMQ (Régie de l'assurance maladie du Québec) Public Prescription Drug Insurance Plan. Your prescription drug claims must be submitted to RAMQ first. When RAMQ reimburses a portion of the drug cost, unpaid balances (including co-payments and deductibles) will be co-ordinated so that you may be reimbursed up to 100% of the eligible expense incurred. If the drug is not covered by RAMQ, the standard co-pay applies.
